The NRA Personal Protection OUTSIDE the Home is designed to teach the safe and responsible methods of carrying a concealed handgun and then presenting the handgun in an efficient manner for effective self defense. This is a two level course: Basic PP2 and Advanced PP2 and is not appropriate for new shooters. Participants must supply their own handgun with appropriate holster, at least two magazines (or three speedloaders for revolvers) ideally with appropriate carriers, and 300+ rounds of ammunition. You must also wear appropriate concealment so that no part of the gun or holster is visible.
